

Preparing Your Pharmacy Students

The national pharmacy job market is at a 10 year low.¹
The number of pharmacy schools is at an all-time high.²
Today's pharmacy students have a growing need for better resources to begin, and sustain, a fulfilling career.

This atmosphere creates great opportunities for pharmacy schools:

- To more fully inform students of the diverse career paths available.
- To empower students with proven career accelerators and cutting edge resources.
- To create a truly differentiated educational experience.
- To improve recruiting conversations and efforts.

CareerScript is an innovative offering focused on providing new and upcoming pharmacy graduates with a novel combination of knowledge, tools, and resources to maximize their pharmacy careers.

CareerScript works on three essential tenets for a life-long, successful pharmacy career: Vision, Direction, and Accountability.

Success Empowered by CareerScript

Vision

- ✔ CareerScript offers professional profiles of pharmacists who have found success in a multitude of settings both in traditional and non-traditional roles.
- ✔ This visibility is specifically designed to inform pharmacy students of the wide and varied opportunities awaiting them with their degree in pharmacy.

Direction

- ✔ CareerScript provides an easy-to-use online and mobile resource for creating personal paths to success.
- ✔ Charting their path gives students a tangible and specific roadmap with deadlines to ensure goal attainment.

Accountability

- ✔ CareerScript allows students to easily share their paths and regular progress encouraging action on the intended path.
- ✔ Sharing the direction allows others to contribute to a student's success.

“We feel this partnership provides an invaluable resource to ONU students and alumni who are looking for some guidance when deciding on career choices. CareerScript provides our students and alumni with important tools and resources to utilize and enrich their lives as productive pharmacists.”

**-Dr. Jon Sprague, Dean
Ohio Northern University Raabe College of Pharmacy**
